

Therapeutica Sleeping Pillow

Therapeutica Sleeping Pillow is a non-allergenic foam pillow designed specifically for those who sleep on their back or side. Moreover, the orthopedic neck pillow incorporates two correct pillow shapes into one pillow with different heights for back and side sleepers. It offers comfortable yet firm support to help restore the neck's natural curve. Ensure a better sleeping experience with Therapeutic Pillow, which eliminates sore and stiff neck problems and reduces snoring. The surface channels of the neck pillow provide air circulation and are soft, and the molded foam is extremely environmental-friendly.

Why choose Therapeutica Sleeping Pillow?

- For side sleeping, the raised side sections accommodate shoulder height
- For back sleeping, its unique wedge supports the upper back
- Contoured headrests keep the head and neck level
- Child, Petite and Average fit into a standard pillow case
- Large and X-Large fit a king-size pillow case
- Fitted zippered pillow cover included (polyester/cotton machine washable)
- Is made of non-allergenic, non-toxic foam that can be recycled
- Side cavities provide flexible cushioning, ensuring jaw comfort
- Latex Free
